Intimate, introspective solo piano melodies--perfect for that mood music while you sip your coffee at the cafe. 12 MP3 Songs in this album (46:14) ! Related styles: EASY LISTENING: Background Music, POP: Piano People who are interested in Jim Brickman should consider this download. Details: Greetings Folks out there in Cyberland! This is a well executed, interesting mix of styles -- all original songs on the piano. It feels like you are having your own personal concert with a very accomplished pianist in your living room. It's intimate, yet expansive, moody but not meandering, perfect to tune or to tune out. On an interesting note, these were all songs that Ted played when he performed at the now defunct "Wazubi's Blue Cup Cafe" in Trinidad, Colorado. The idea behind this was to be able to get an idea of what Ted sounded like live on just the piano. Very wonderful indeed! Best wishes to all who seek refreshment of the spirit! SAVE THE PLANET!!
