We have watched the rise and fall of other so called "Twitter Programs." Here is the reason why they fail: All of the other programs out there only teach you how to get followers. You do not make money by getting followers. They are misguiding so many people. They end up teaching people how to find other people that are looking for ways to make money. You end up with a few thousand other misguided people following you!! What am I going to do with 100,000 followers that are all trying to sell each other stuff? It makes no sense. They teach you to get followers that are all selling, not buying. Their programs are broken from the start. I would rather have 2000 people that I have relationships with and get 50 to buy. With our techniques, you could enjoy a 50 closing ratio.. JUST 4.44 USD more info :paid4tweetn.com/
