

Embodied Care: Jane Addams, Maurice Merleau-ponty, And Feminist Ethics - Maurice Hamington

[DOWNLOAD HERE](#)

Until now, ethicists have said little about the body, limiting their comments on it to remarks made in passing or, at best, devoting a chapter to the subject. Embodied Care is the first work to argue for the body's centrality to care ethics, doing so by analyzing our corporeality at the phenomenological level. It develops the idea that our bodies are central to our morality, paying particular attention to the ways we come to care for one another. _x000B_ _x000B_ Hamington's argues that human bodies are "built to care"; as a result, embodiment must be recognized as a central factor in moral consideration. He takes the reader on an exciting journey from modern care ethics to Merleau-Ponty's philosophy of the body and then to Jane Addams's social activism and philosophy. The ideas in Embodied Care do not lead to yet another competing theory of morality; rather, they progress through theory and case studies to suggest that no theory of morality can be complete without a full consideration of the body. _x000B_ Author: Hamington, Maurice Publisher: University of Illinois Press Illustration: N Language: ENG Title: Embodied Care: Jane Addams, Maurice Merleau-Ponty, and Feminist Ethics Pages: 00200 (Encrypted EPUB) / 00200 (Encrypted PDF) On Sale: 2004-06-07 SKU-13/ISBN: 9780252029288 Category: Philosophy : Ethics & Moral Philosophy
