Buttercup took a shot of 1800 and stretched her legs across the chair next to her. "I'm the old-fashioned kind," she purred. "I like classic country, but I aint gonna pretend the last 40 years didnt happen." 14 MP3 Songs COUNTRY: Honky Tonk, COUNTRY: Traditional Country Show all album songs: Evil for You Songs Details: Meet Buttercup: two southern sisters with smokey voices, iffy reputations, a fiddler, a lead guitarist and a drummer, getting together in the drummers basement to exhume long-buried honky-tonk songs, mixing in classic country favorites and creating new stuff. Buttercup's originals pay homage to old-timey country without ignoring post-Hank civilization -- i.e., punk, Paxil and David Lynch. Buttercup was born out of a big-eyed hillbilly crush on George Jones, but when one of the sisters fell madly in love with the inevitably unattainable Townes Van Zandt, their songs took on a little darkness. Buttercup's debut album, Evil for You, brings that basement to your living room. Like the early Country and Western music they admire, Buttercup works hard to retain the raw simplicity and humanity that made them fall in love with the genre to begin with.
