Offering fresh new Country music with traditional and bluesy twists, and even a hint of swing from this Texas native...Cynda Bennett shines as a singer/songwriter with thoughtful,intelligent lyrics and powerhouse vocals. 8 MP3 Songs COUNTRY: Modern Country, COUNTRY: Country Blues Details: You'll definitely hear the influence of the Lone Star State in this self-titled first release from the exciting new singer/songwriter, Cynda Bennett. As the auto-biographical song, "Ft. Worth Bound" reveals, Cynda's Texas roots run deep. Those influences are most notably heard in the Texas swing flavors of that track plus "Cowboy Up", and even in the bluesy, sexy playfulness of "Go To Bed". But Cynda also offers up some contemporary country stylings in songs like "Chill Pill", "Who Do You See?" and the tender ballad, "Dark Side of Your Heart." Traditionalists will even like the sorrowful waltz of "Widow's Prayer" and the homage to Gentleman Jim Reeves in her cover of "She'll Have To Go." Cynda has something here for everyone.
