Hedda Layne's second release is a pop and jazz electronica masterpiece featuring Hedda's amazing voice. Her music is rooted in styles ranging from funky grooves to soaring orchestral soundscapes. 12 MP3 Songs ELECTRONIC: Pop Crossover, JAZZ: World Fusion Details: Hedda Layne's second release is a pop and jazz electronica fusion showcasing this artist's signature voice, which has been winning her a growing following thanks to the success of her self-titled first album, which was distributed in the United States and Europe. Hedda Layne Too builds upon her expansive styles -- ranging from funky grooves to soaring orchestral soundscapes. Her continued collaboration with composer/arranger Troy Lee Warden and co-producer Brandon Bishop introduce an element of electronica to Ms. Layne's sound on her new album. Ms. Layne, however, remains true to her lush, modern arrangements of standards and originals, creating an exhilarating hybrid of international dance groove, passionate torch style and pop production.
