Details: Jack Upman was born in the "Carbon melting pot" of Germany, Saarland, 1952. Some years he worked as miner and followed the tradition of his family. 1980 he took holidays in Berlin. - There he fell in love with a girlfriend and decided to stay in this city. - He made up his mind and learned a profession as banker. His grandfather had given him his old mandolin and Jack began to take music lessons in guitar, piano, accordion and keyboard. One day he began to compose own music. "DAKAR II" is only a small parcel of his compositions. I hope you will enjoy it as I do. hehh
