70's Style Hard Rock With A southern Flavor 10 MP3 Songs ROCK: 70's Rock, ROCK: Hard Rock
Details: WELCOME BACK REAL ROCK AND ROLL! If you like hard southern rock the way it was back in the 70's and 80's this is the band for you. Good old blues based hard rocking riffs galore. But without sacrificing the melody. This is a new band based in Virginia. It is influenced by bands like Led Zeppelin, Lynyrd Skynyrd, Bad Company and Aerosmith. But the good thing about this is it's all new songs with a sound all their own. If you're sick of watered down country posing as rock, or if you're sick of anything that passes itself off as real rock today, you won't regret taking a chance on this band. Here is a review of "STRONG MEDICINE" from Mary Rudy in Southbound Beat Magazine: "So you want some Southern Rock.....Well then the 'Jester Jonze Band' is just what you have been waiting for...This group comes from Roanoke, VA. and you can catch them on the club circuit doing what they do best, KICKIN' those southern rockish tunes out . Their 'Strong Medicine CD' is definitely a real kicker, and the first song grabs hold of you and keeps your attention, Ed Jones (guitar/vocals) could give Axel Rose a run for his money, theres times when you hear the Axel come out and then there are times when Ed just takes over kicks Axel to the side. And the lead guitar is totally awesome, every lick is dripping wet and beware the lead will give you shivers to the bone. The rhythm section is so powerful, Tim Aker is totally out of this world when it comes to drums. Chuck Crush can sure lay down some mean ones with that bass, between Tim Aker's drummin' and Chuck Crush on the bass, no wonder this cd has heartfelt beats coming from the soul. This reviewer is honored to be the one to review the Jester Jonze 'Strong Medicine CD', This CD is the latest project of the Jester Jonze Band, not even done with the pressing and I have the privilege of reviewing a group of hot musicians with superior songwriting talents. This CD is definitely a billboard topper. If you havent heard the Jester Jonze Band then you need to visit their MP3 site, and check out these new songs

and their other tunes too. Strong Medicine is a keeper and a #1 hit anywhere it hits. Heres some of my favorites: the whole CD rocks..... Let Down High - a real southern rock kicker with a punch. Hard drivin' lead guitar action and a rhythm beat that wont stop. Warning to Axel Rose his lead guitar player Slash: beware Ed Jones is in the house and hot on your heels. So Move over..... Dancing with the Medicine Man - hot gutsy tune, guitars/drums/vocals just going where they're suppose to go. The Arms of Rock Roll - the drummer is all over this one. Hot stiks - Hot guitars Warm Summer Night - this one is sooooooooooooo good!!!! Perry's Song - these vocals are so close to Axel Rose, I can see Axel sweatin' bullets over Ed Jones. The Jester Jonze Band deserves the best, they have strived to put out good southern rock tunes for their listeners and they have succeeded, very well at that. Now its our turn to show them our appreciation, visit them and listen to their music." And some feedback from people who have bought this cd:"everyone this is great rock n roll""Awesome Band! And I thought that rock n roll was dead. Rock On!" ... "Jester Jones rocks.Great band.....really cool stuff""Great stuff!!""awesome cd! Thanks for the great music!" "cd's excellent! real good band! "Killer cd most excellant tunes." "great cd!" "Great CD, good southern rockin'.....Thanks!! "Fine southern rock'n'roll band"
