[DOWNLOAD HERE](#)

Rock influenced jazz. An eclectic blend of fusion, roots music and free jazz. Eight original compositions that utilize B3, dobro, Moog and a full horn section. A stunning arrangement of the Beatles "Dear Prudence" and a brooding solo bass version of The Who's "Behind Blue Eyes". John lets his roots really show on this recording--covering much of the music that has influenced him throughout his life. Some astounding solo moments featuring wild man guitarist Mitch Watkins, Jeff Hellmer on keyboards and dobro wizard Jeff Plankenhorn.
