Smart ass crunchy brain pop for cynical saints 12 MP3 Songs POP: New Wave, ROCK: Roots Rock
Details: Phineas Gage rides again! Dig the groove of this early nineties LA power pop quartet. Fronted by John Stapleton, who is tall and who once was slender, Phineas recorded three seminal albums that were widely ignored by music fans everywhere, due to their not having been available to them. Now, thanks to CD baby, all of that is about to change. Hang on world, here comes Phineas Gage, back for a do over on Rock Stardom. And this time, they're takin' it seriously.
