"It's refreshing to find a children's CD that provides intelligent music that appeals to both my children and myself. My son Joshua really likes 'Mr. Rabbit'." R. Lee., via e- mail "The lullabies you have written are some of the most beautiful I have ever heard." Dan, Claudia and Daniel (16 months) Via e-mail ----- ALBUM REVIEW: Lullabies and Little Ditties - Robb Montgomery South Florida Parenting, Chicago, Ill. Published September, 2002 By Vicki MCash Montgomery, a newspaper editor by day, guitarist and songwriter by night, wrote the songs on this album for his daughters Kellis and McKayla Skye, who was born the morning of Sept. 11, 2001. The decision to make an album came as a result of the emotions of that day. 'My priorities were suddenly shifted,"Montgomery says in press materials. But don't discount this as the work of an amateur. While Montgomery has not quit his day job, he sings as though he's been a professional his entire life. The songs show a polished musicianship that is rare in amateur albums. Every cut pours out the love of a father for his children that any child -or parent - can appreciate. The CD is available in some stores and at kidvibefor \$15.98 (\$11.98 on cassette). Story appears courtesy of South Florida Parenting 2002
