KIDS/FAMILY: Educational, KIDS/FAMILY: Sing-Along/Interactive Details: You've just discovered one of the best resources for kids to learn Spanish in a fun and exciting way! The Muvete CD offers simple, easy-to-understand Spanish songs performed by native Spanish speakers. These tunes will get your kids singing, clapping, moving, and best of all, learning. Our whole body approach ensures that children are able to hear the Spanish words, sing the Spanish words, and, because they're acting out the songs, they will associate the Spanish words with a particular action. Our Muvete CD includes translated classic songs, such as Itsy Bitsy Spider, Hokey Pokey, Wheels on the Bus, If You're Happy and You Know It, and Where is Thumbkin? It also includes new songs about animals, parts of the body, and everyday routines, all designed to get children moving and having fun while they're learning Spanish. Spanish Playtimes new Muvete CD is designed to get feet and hands moving while learning Spanish in a fun and exciting way! Through our years of teaching Spanish to children, we combed bookstores, surfed the Internet, and traveled overseas looking for new teaching materials because so few resources met our expectations, and so we created our own materials. Soon parents and teachers began requesting copies and Spanish Playtime was created. "I teach in a dual-language preschool and my students absolutely LOVE the Muvete CD! They enjoy the songs and learn Spanish without thinking about it." Thelma Ginsberg (Spanish Teacher)
