Zeta Omicron Delta - The secret society that most real individuals want to be a part of. Why? Because it's movement is led by The Zodiac: a rap artist who hates to love and loves to hate. Right now, he hates Pop Music. Get initiated into a ZetaOm.. 20 MP3 Songs HIP HOP/RAP: Hip Hop, HIP HOP/RAP: East Coast  
Details: The Zodiac derived from a slight fascination with a particular serial killer. Out of that fascination led to a persona that would hunt down weak rappers, pop artists, and those out to destroy REAL hip-hop. This persona is recorded into many songs and perfected into a craft. It seems that people seem to respond to The Zodiac's sound despite the fact he doesn't use all of those usual "Rap Buzzwords" that seems to come out of the Rapper Dictionary. You know them... N-words, b-words, hoes, pimps, blah, blah, blah.... Those are the uncreative rap drones that follow a trend so closely, they get it pregnant. Well, The Zodiac is NOTHING like that. Those words aren't stated because they're not necessary. Zod keeps real by spitting events, solutions, and leaves the crowd wanting more... And with the purchase of Zeta Omicron Delta, you get more... The purchase lets you get access to the Members Area of the website where you can get bonus songs. The Zodiac gives you more than the average rapper would, could, and can. And if you'd like to get in contact with Zod, then spit back at the Hate Line at 206-666-KILL and leave a hate message! If you don't have that hate in your heart, leave a message at 206-33-ZODIAC. Get in the mood and check out the songs, music, words, and hit him up at [zodiac@thezodiac.net](mailto:zodiac@thezodiac.net).
