Edward Lee 11/24/2006 "inventive" great piece of music. love the arrangements, especially the crawling  
bassline. the piece is definitely movin' on! Reviewed by: Vesa 11/24/2006 "Most creative techno mix."  
Like the motion. This one really moves well with the neat synth subtle sound injections flowing through  
the perpetual perky electronic melodic playing. Good sound mix esp. sounding great through my  
headphones. Nice stereo effect. Very spacey sounds. Like the overlapping of sounds, neat percussives  
you use to give a interesting kind of industrial sound. Great groove. Gotta love that pumpin' bass. Like the  
snappy synth sounds, very well orchestration of sounds that just layer nicely together. Great choice of  
sounds. Good production and mix. All in all a very creative techno music. Excellent impressive work.  
Keep at it. Great! Reviewed by: henka1983 11/24/2006 "hey" Nice tunes in here. great mix and perfect  
instruments. nice job. Reviewed by: cazpacozmo 11/24/2006 "sounds great!" great sounds, arranged  
perfectly, bit unusual oriental melody but it worx...like this tune a lot... Reviewed by: DJ Drance
