To my readers, this book is based on true time and events,* the beginning is a summary of the author, it enlighten the good and bad times, of being raised in a large family environment. It also speaks of many situations and circumstances in which could have been done differently. The main character is a guy name Royale who thought he had much control over his life, it all started out to be pleasure and fun. Royale was a very intelligent and caring being, however he got caught up in a situation that became totally powerless with no self- control. Royale is a scared and confused drug addict, who is now serving life in prison for a crime that, was committed, while under the influences of alcohol and drugs. This can become very dangerous, when not making the right choices it could have caused him his life. There are many other people who are involved in this story, such as the victims, the jury, judge, prosecutor, and the public defender, who all play a part in this detrimental, painful and touching story, which most readers will identify with the events of what has happen in these people's lives. Yes Royale is a victim of drug abuse, who is trying now to regain his life back, despite the wrong he have done, does he deserve another chance for a fair trial? Let's find out as we read The House of Punishment, the price of another life.
