Undercover Heat Judy Mays Fifth in the Heat series. Nick thinks his asshole CIA boss has sent him on a wild goose chase. Hunting a fellow agent who's a werewolf? What a crock! Good at her job as a private investigator thanks to her werewolf-heightened senses, strength and speed, Melody Gray is happy and content with her life. Until a CIA agent shows up searching for her brother. What can a girl do to keep this gorgeous, chocolate-skinned guy away from her brother? Keep his attention on her, of course, and what better way to accomplish that than with sex. Especially when her werewolf soul is howling that this sexy hunk is hers, her mate, even if he's human. Or is he? Unable to resist the fire between them, Melody and Nick turn to his aunt, a powerful Vodun priestess, for help figuring out what happens when human, werewolf and voodoo are mixed with an overwhelming urge to claim each other in every sexual way possible.
