

Denial Of Justice In International Law

[DOWNLOAD HERE](#)

This book examines the modern understanding of denial of justice. Denial of justice is one of the oldest bases of liability in international law and the modern understanding of denial of justice is examined by Paulsson in this book, which was originally published in 2005. The possibilities for prosecuting the offence of denial of justice have evolved in fundamental ways and it is now settled law that States cannot disavow international responsibility by arguing that their courts are independent of the government. Even more importantly, the doors of international tribunals have swung wide open to admit claimants other than states: non-governmental organisations, corporations and individuals, and Paulsson examines several recent cases of great importance in his book. EAN/ISBN : 9780511131516 Publisher(s): Cambridge University Press Format: ePub/PDF Author(s): Paulsson, Jan
