

Indefensible Space: The Architecture Of The National Insecurity State

[DOWNLOAD HERE](#)

Showing how the upswell of paranoia and growing demand for security in the post-9/11 world has paradoxically created widespread insecurity, these varied essays examine how this anxiety-laden mindset erodes spaces both architectural and personal, encroaching on all aspects of everyday life. Starting from the most literal level-barricades and barriers in front of buildings, beefed up border patrols, gated communities, "safe rooms,"-to more abstract levels-enhanced surveillance at public spaces such as airports, increasing worries about contagion, the psychological predilection for fortified space-the contributors cover the full gamut of securitized public life that is defining the zeitgeist of twenty-first century America Publisher: Routledge Illustration: N Language: ENG Title: Indefensible Space: The Architecture of the National Insecurity State Pages: 00408 (Encrypted EPUB) / 00408 (Encrypted PDF) On Sale: 2012-08-21 SKU-13/ISBN: 9780415953689 Category: Architecture : Planning Category: Social Science : Sociology - General
