Rapso Music, the Revolution in Music from the Caribbean to the World. Conscious, Cutting, Current and uplifting. Positive Vibes for the Body, Heart Soul 9 MP3 Songs WORLD: Island Details: 3canal is a three man group from Trinidad. Their music is connected to a whole Vibe emanating from the "Jouvay" of Trinidad's Carnival. Jouvay is the pre-dawn ritual of resistance marking the beginning of The Carnival. 3canal's music [Rapso Music] speaks of a Revolution of the Mind and Spirit of a people caught in a battle to regain their sense of self in a sweeping tide of global monoculture and consumerism. These guys are not just singers, they are modern day philosophers who skillfully marry their potent political social 'bombs' with infectious melodic lines and rhythmic beats. 3canal Vibes is their 7th album in their 9 year career in the music business. 3canal Vibes seeks to connect to and awaken the Warrior Spirit in all of us as we face our daily battles.
