It's Parodies of 50's and 60's songs plus some christmas songs gone wrong. 25 MP3 Songs POP: Beatles-pop, ROCK: 50's Rock Details: This CD is a tribute to Wierd Al Yankovic a guy who I've been a fan of for quite a while. Weird Al taught me that music didn't have to be serious to be good. These songs are not Weird Al type of humor but rather my own style of humor in a Weird Al style of writing (The Parody). This CD actually is a project I did originally as a character that I made up called Buddy Holly Cheesehead which is a character I do with a cheesehead, a suit, a tie, and fake glasses. So that is why there are 7 parodies with cheese lyrics and the Title is called partly Words of Cheese. I would have done the whole album that way but I ran out of energy after the first 7 songs and then I recorded Mary Had A Little Lamb for reasons I don't know. Then this song really sat around for years because at the time cassette tapes weren't selling very much anymore and I started to produce CDs and it was originally meant to be a cassette tape called Words of Cheese by Buddy Holly Cheesehead. As time went on and I continued to perform on State street I started to make up other parodies (When I say Parodies I mean a song using another song idea and making it in a joke but not always the original song and music often my parodies use new music I wrote with similar lyrics that I adapted and change parts of. So some of these parodies are really my originals but most are real parodies but not all are funny). When I started to make up new parodies a lot of them happen to be Beatles songs and I came up with this idea for a title that was similar to Spike Jones I'm Destroying The Classics. My title was going to be I'm ART PAUL SCHLOSSER and I'm wrecking the Beatles. At the same time I also thought of Doing a Demented Christmas Album but since there wasn't enough songs for a whole Beatles song CD or a whole Christmas CD neither, I thought how about just a whole Parody CD. So here it is Words of Cheese and Other Parodies Hey Weird Al eat your

Heart out.BTW I should mention that I am sorry you can't hear to many of the songs here but soon some will be on Apple iTunes or Maybe you can request them on Dr Demento at clamhead.com/drd.php
