Beautiful, polished, tasteful and sublime renditions of 12 favorite Celtic, Irish folk songs. 24 MP3 Songs

WORLD: Celtic, FOLK: Celtic Folk Details: This CD features 12 Irish Celtic traditional favorites, in beautiful tasteful instrumental arrangements. Acoustic guitars, Irish flutes, Pennywhistle, violin, piano, accordion and various percussion make up a nicely balanced, rich but still understated, production. Bjørn Lynne set to work producing this album after spending time in the Irish countryside (more precisely along the Southern coast of Ireland) in 2007. No detail was spared in the arrangements or production. Bjørn himself plays guitars, bass and keyboards, while Steinar Borvik plays various Irish flutes, Nicolae Bogdan on accordion and violin, and Jeremy Sherman on Dobro and Slide guitar. If you need a CD that sets an Irish, Celtic mood but is not overwhelming or shouting, this should be a perfect match. Bjørn Lynne is a composer, performer, producer who has also previously produced music with an Irish and Celtic flavor. Check out his previous CD albums "Witchwood", "Wizard of the Winds", "Return to Witchwood" and others (all can be found at CDBaby). Bonus content: Play-along versions As a bonus feature, this CD contains 12 additional CD-tracks after the main 12 tracks, and the additional tracks are all 12 tracks again, without the main lead/solo instruments. This makes the bonus tracks great for singing-along or playing-along with the tracks, great for learning to play, or simply to enjoy a subtle Irish / Celtic background mood, without outstanding lead instruments. When you remove the main lead instrument from a production, it sheds a whole new light on the composition and gives a unique and enjoyable insight into the "workings" of the music, behind the scenes so to speak. I hope you will find this bonus material enjoyable. Including the bonus tracks, the CD contains 24 audio tracks and is filled to the very technical limit of how much music you can put on a CD - about 1 hour 20 minutes. People who are interested in Enya Clannad The Dubliners should consider this download.
