Details: McKay is the ultimate singer when it comes to delivering vocals that move and soothe the soul, which is why he can be called the new soul singer of our time. He cares about his listeners and wants to tune them in to every note of emotion that he feels and sings. As an artist McKay, has taken the time to listen and study other great artists across the country, meanwhile, in his hometown of Memphis TN., where the history of soul music runs really deep, McKay captured the attention of one of the hottest legendary funk bands of our time (The Bar-Kays), who took him on a musical journey before thousands. During that time of extensive travel, between shows and concerts, he got the opportunity to meet people, and share stories with them, which in turn made him a good listener so that he was able to incorporate their life experiences as well as his own into his song writing; yes 'through the years he developed his skills as a song writer and now he's able to express himself through song and music for you; during McKay's professional career, he has shared the stage with artists such as Genuwine, Silk, Destinys Child, Troop, Gap Band, Cameo Rick James, Public Announcement, Regina Bell, Jagged Edge, just to mention a few. McKay's album features heart-felt songs such as (Emotions Flow) which is about a man and woman that meet and vow to be only friends, but wound up losing control and falling in love, on the contrary there is the (drama-felt) interlude (No-Mo-Luv) which boldly expresses (from a dissim perspective) the way a man feels when his love is taken for granted. Then you have the hot track (On and Poppin) which is a feel good joint with a live thumping bass and funky vocal delivery that's gonna get you up and jumping on the dance floor. These are just a few songs described from McKay's, hot, soulful album that's surely gonna keep your emotions flowing.

Now is the time I've been patiently awaiting,says Mckay; to share the gift of music with music lovers around the world by writing and producing my own album; it is a very gratifying feeling to know that I can inspire through song,and hopefully when someone puts on a Mckay album they can take away something positive such as showing more love,affection and grattitude in relationships and marriages or simply having a more positive outlook on life,and inspiring others to do the same. (yeah fellas,it's ok to show some love,cuz ya get it back ten fold.
