

# Mp3 Michael Thomason - Buffalo Dreams

[DOWNLOAD HERE](#)

Soulful Country music with clever lyrics, taking the old country standards of heartache, cheatin', and drinkin', and turning out new ways of saying them. 10 MP3 Songs COUNTRY: Traditional Country, COUNTRY: Country Folk Details: Kathy Coleman from TakeCountryBack writes: In 1986 Michael Thomason got the chance to work on a musical western, Buffalo Dreams, writing with sk dunn and Jim Neu. As well as composing the music for this play, he also took a role in it. It was performed in Napa Valley and New York City. Michael's taken the Theme From Buffalo Dreams, co-written with sk dunn, and it's the title track of his newest disc, "Buffalo Dreams." In this disc, Michael has once again put on display his formidable writing skills, as well as his excellent vocals. Michael wrote (or co-wrote) eight of the ten songs, all of which show off his country-folk style extremely well. He also throws in a cover of his obvious hero, Bob Dylan, with a tremendous version of "You're a Big Girl Now," as well as Neil Young's "Bound For Glory." The Michael Thomason Band, a gritty combination of American and European players, has honed their skills to a fine art, giving us music that is from-the-heart pure. It's a strange thing that a disc of music so purely American was recorded in Germany. Right from the first swinging bars of "Anywhere By You," with its playful use of French lyrics to give it a trace of a Cajun flare, it's a remarkably listenable album, moreso considering its limited and REALLY independent release (no record label appears on the liner insert or the outside jewel cover - the word "GEMA" appears on the disc itself - the "all rights reserved" legal disclaimer appears in English and German). The professional quality is well suited to any major label out there. Michael and his band are TIGHT, extremely polished, and they lay so well it's like listening to anything being fed through a major label's "sound quality machine." But this is no construct of an engineer and an image maker. I fully expect that what I'm hearing on this disc is what I'd hear if I were standing in a honky-tonk watching them play. The second track on the disc is the title track, the "Theme

from Buffalo Dreams," which is a delightful, haunting Western song that touches this western gal's heart. Tremendous plays on words run through Michael's songs, such as his sorrowful "Drifting with the Wind," featuring some beautiful pedal steel playing from Rdiger Karahn (who also puts in some time on rhythm guitar), surprisingly lighthearted "Damned If You Do," and the incredible "Green to Whiskey Eyes," a truly authentic western swing two-stepping tune with fine, fine lyrics. Michael is a tremendously skillful writer. He works his words deftly, a craftsman, carefully putting each phrase right where it should be. With "Now There You Go Again," "Break It Easy," and "Open Road," he wraps things up neatly, and closes it all with the Bob Dylan cover. Overall, this is a truly excellent disc. I enjoyed listening to every single track, and have decided Michael Thomason belongs in my "most listened-to" racks. I'm really happy he "fell in my lap," so to speak, and I eagerly look forward to hearing more from him. I hope others find him, too.
