[DOWNLOAD HERE](#)

An eclectic mix of Country, Blues and Acoustic Ballads in the spirit of the Americana genre. 16 MP3 Songs COUNTRY: Country Blues, EASY LISTENING: Crooners/Vocals Details: In the proud Americana tradition, an eclectic mix of traditional country, blues and singer/songwriter ballads. Over an hour of original music with a heartfelt tribute to the incomparable Johnny Cash. Think Lyle Lovett meeting Dwight Yoakam in a seedy Memphis honky-tonk bar. Jim Croce's already slipped to the sawdust floor, passed out, while Elton John --between bulimic-fueled trips to the restroom-- asks Brian Setzer's assistance in hoisting a comatose, sequined Neil Diamond back onto his bar-stool while his ever-acerbic, wry and poignant drinking buddy, Harry Chapin flags down a cocktail waitress. Bob Dylan cancelled at the last minute because he had an appointment with God. For more information and sound-bites visit normanball.com
