Seven live tracks in the classic trio format of guitar, bass, and drums and one studio spatial discovery from the Boston based guitarist 8 MP3 Songs JAZZ: Jazz Fusion, ROCK: Progressive Rock Details: The music on this disc comes from several different perspectives. The first five tracks represent a direction I've been writing in for years. Tracks six and seven are songs from the mind of Rick Larrimore. We have worked together for many years, and while dusting off some old tapes, I found these two little gems, and thought that they should be heard. The last piece is very special to me. Geoff had a two and a half minute song when I arrived at his studio, but once the tape got rolling, well.... Here's hoping this music finds everyone well, and moving with the light. This one's for Geoff.
