

Mp3 The Shazam - Tomorrow The World

[DOWNLOAD HERE](#)

This is primal, archetypal, balls out rock that just does not let up for one split second and whose big beats and raucous hooks will change and inspire air-guitar wrestling matches. 12 MP3 Songs POP: Power Pop, POP: Beatles-pop Details: It has arrived! The Real Rock 'n Roll Deal! This is primal, archetypal, balls out rock that just does not let up for one split second and whose big beats and and raucous hooks will change and inspire air-guitar wrestling matches. Filled with high-energy kicks, blistering guitar flash, arena-ready anthems, unforgettable hooks and catchy fist-pumpers----this is the barn-burner and five-gear raver that fans have been waiting for. And a breathless, potent cocktail for new ones. "Salutes vintage Britrock with a run of fuzzy melodies, guitar crunch and irrepressible spirit...4 stars"-Blender. As always, filled with highly accomplished and inspired approximations of such sounds as The Who and The Move and a host of other pantheon-chiseled rock gods, all dressed up to party with The Shazam. A party only The Shazam can host properly and with clear control of their own voice. A savior, a hand of grace from rock 'n roll heaven has extended earthward and delivered us all The Shazam. You count on it - this time next year, your friends will know of the power and glory that is "The Shazam". "The ultimate post-modern 70's hard rock party album...the band spikes their dixie fried Cheap Trick and The Move moves with some Faces and Rolling Stones bluesy swagger and the songs have a swinging feel that is new for the band. What is not new, and thankfully unchanged, is that they can knock off great melodies one right after the other, and the crunch is leavened with a few pop nuggets and one spectacular ballad. One of 2002's Top 10"- Mike Bennett, Fufkin.com.
