A lot of people can relate to this album is because its r&b hip hop not that hardcore stuff. 11 MP3 Songs  
HIP HOP/RAP: Rap, HIP HOP/RAP: Alternative Hip Hop Details: WITH its deeply funky dance floor  
grooves, soulful har lyrical tongue-twisting,""Destiny", the new album by the SoulDawgs, bridges the gap  
between r&b and hiphop with style and ease. Like blackstreet and Next, the SoulDawgs can sing as well  
as rap, and the duo emphasizes melody and harmony as much as beats and rhymes, making for a
