A lusty forty-something man with a penchant for scene-based femdom has his world turned upside down by a seductive teenager and finds the reality of the femdom world is a long way from the consensual forays he has experienced in the past. Reverse grooming is the order of the day when a teenager approaching her eighteenth birthday seduces a lusty forty-something and has him email her his most intimate and shocking sexual desires and having believed the girl to be in her twenties will not provide a defence before law and even the fact his seducer has now turned eighteen will not prevent him doing some hard time if his emails are made public. But money is not the driving force behind the girls entrapment and our hero is about to discover what is. Nothing short of complete enslavement to her youthful will. WARNING: Story contains scenes of an explicit nature.
