WARNING: Some Merchants Are Going To Hate You For This! "Controversial Marketer Reveals The Exact Methods He Uses To Make an Absolute Killing Promoting Affiliate Programs Without Risky Pay Per Click Advertising or Complicated Search Engine Optimization Techniques" "Discover The Simple Techniques That Will Bring Dirt Cheap and Even 100 Free Traffic To Your Website Within Minutes That Can Have You Profit in Less Than 24 Hours 100 Guaranteed!" Dear Frustrated Internet Marketer, You have tried promoting an affiliate product in the past. You sent good traffic to the affiliate site but made just 1 or 2 sales (or zero sales). You have tried promoting an affiliate product in the past. But you didn't manage to generate more than 5-10 visitors to the affiliate site. You have tried promoting an affiliate product in the past. You made good commissions. But you paid so much in advertising that you barely broke even - or even worse, you lost money You have purchased ebook after ebook after ebook. They all promise a great money making "system". But when you try to apply the system, it's really more complicated than it sounded - and it only appears to work for "others." You are tired of waiting weeks and months before you start seeing any results after you optimize a website for the search engines. You are sick and tired of Google changing their rules all the time - but you don't know how else to promote your offers - so you "swallow it" and keep fighting the good fight - even though you feel that this is a dead end. You feel frustrated and uncertain of the future - even though you know that you are worth way more than you are getting paid right now (at your job or in your home-based business). I have good news for you!

AffiliateRescue: Make Money Online - on a Budget! contains very few simple but devastatingly effective ways to make a living online. These methods: - Are free or extremely cheap to use - Start showing results instantly - Are very simple to implement Granted, you will not become a millionaire by using these tactics. But, if you want to make an extra \$1,000, \$3,000, \$5000 or more per month in a safe way, then this guide is for you. Then, you can use these profits to further build your business (like buy advertising or outsource some of the work). Or, you can just keep using the same techniques since they work like a charm. It's your choice. I have been marketing online for over 6 years. I have had some great successes as well as some miserable failures. But, whatever I did, I always took note of what worked (and why) and what didn't work (and why). How to start when you have almost no money: bankrupt, broke and on the run. Right now, you may be having financial difficulties. I will give you some smart ideas to get out of this unpleasant situation (without robbing a bank). How to find affiliate programs to promote. You will discover the easiest ways to find affiliate programs worth promoting - as well as some little-known products that pay well but not many people promote. How to promote affiliate products online the right way. Let the controversy begin. I will show you how to "tinker" with the merchant's site and increase your affiliate commissions 100, 200 or more. Some of these methods ain' pretty - but they work like gang busters... How to get preferential treatment from merchants. I will show you how to negotiate higher commissions from merchants - without sounding needy. These methods are pretty evil, if I say so myself... Email marketing and how to create killer follow up messages that make you money on autopilot. You may have read entire "bibles" on email marketing. I will give you in a couple of pages what you really need to keep in mind. Do this, do that. How to use forums to kick-start your promotions, test your marketing message, make sales, build credibility in your market and build a list. Oh, and if you think you know how to REALLY market on forums, don't bet your house on it :-)

How to tap into the online service "Yahoo Answers" to gain market intelligence and tap into people who are ready to buy your product. Almost everyone is "working the system" the wrong way! I'll show you how it's really done. How to get on the first page of the search engines for the best possible terms. And no, this has got nothing to do with "long tail" keywords or building "content sites". We are lazy so we'll take a shortcut that results in less work and more money! (now that's my kinda system :-). And much, much more! 12 Pages of Bonus Material Just Added! As Known As The GURU Piggyback Yes. Different Types of Affiliate Marketing Revenue Sources There is not just one way to make money in Affiliate Marketing; in fact there are many more. The question that may be in your mind is what type of affiliate program should you choose? Which one is better for you? ...and which was is not the best for you? You'll learn how to figure that out. How to Find the Right Affiliate Program to Join Finding the right affiliate program that you are passionate about can be frustrating. There are thousands of affiliate programs out there, so which one should you choose? It can be a challenge when you don't know where to start, but you'll learn how to quickly pinpoint programs that are right for you so you can be passionate about them. How You Can Find The Best Affiliate Programs Finding the highest converting and reliable affiliate program is very important because you are going to be putting your hard work into promoting the affiliate program. Not only do you want to find something you believe in, but you'll want to be making a good profit from it. 5 Reasons why people fail in Affiliate Marketing As you learned earlier, more than 95 of people starting as affiliate marketers fail and you'll learn 5 reasons so you can avoid them to increase your success. 4 Ways to succeed in Affiliate Marketing with a Website Having a website is vital to branding your name on the Internet. As a matter of fact, having a website or landing page can often increase your conversions vs. not

have a website at all. Not having a website it not required however, but you'll learn 4 ways that you can succeed with one. 4 Ways to succeed in Affiliate Marketing without a Website A website is definitely recommended, but it is not always mandatory. You'll learn a few ways to succeed without a website.

Using Affiliate Programs to make Long Term Residual Income If you don't know what residual income is, then you are missing out. You see...instead of earning a commission for one time sales, you can make continuous commissions on a monthly, quarterly, continuing basis. Looking to a long term residual income will save you time and allow you to increase your profits down the road.

How to Protect and Cloak Your Affiliate Links There are thieves out there on the Internet who can steal your commission. Don't worry, there are ways to protect your affiliate links, but you need to know this right away. You can cloak or hide your affiliate links with short redirects. If I started marketing online all over again - without any "marketing buddies" to help me, without a list and with almost no money left, this is the exact system I would use to start making online NOW. As with everything I do and teach, there is work involved. If you still expect to grow your business by doing nothing then this course is not for you. Let me stress... it is NOT hard! Nothing In Internet Marketing is HARD. So Please, Spare Me the It's Too Hard Speech Because it Simply is Not True... Everything can be broken down into manageable chunks and then pieced together like a jigsaw puzzle. This Isn't For Everybody... and It May Not Be for You! I know what you're thinking... A lot of products have been designed for beginners, while a lot of them are for more advanced marketers, so which one is this? I've designed this course so that everybody will benefit from it. Whether you're just getting started and don't even have a site up yet, or you're like me and have been around forever, you'll benefit from my knowledge. Still, this product may not be for you...regardless of your level of marketing experience. Warning: Some of the methods in this guide are very controversial. Don't use at home unless supervised by a mature adult :-). Seriously, some of those who read the guide said these techniques are brilliant. Others said that they were just evil and that they wouldn't use some of them. Oh - and one last thing: If you think the "gurus" have told you everything about marketing online, don't bet your house on it...
