Lady Carolyne Dryden is a brilliant and gifted young woman operating a policy auction house in London for her father. Late one evening she is brutally beaten, robbed and left to die. A few days later two bodies are found in the same house the assault took place. Others follow and a sewer of corruption contained beneath the razzamatazz of a General Election leads to shattering revelations and murderous passions; causing her well-organised world to turn into an arena of pursuit and terror, and where the only certainty is that nothing is certain. Bursting with insight into the seedy, sleazy world of political funding, Foxy Lady leads the reader totally believing through all its unbelievable twists and turns until its astonishing climax.
