Rap Details: I'm Ace Tre;an upcoming artist from East Texas I've been putting down for 21 years now, and I have a few underground C.D.'s that I sold out tha trunk and did pretty good independently. A tragedy struck and my skills in tha street caused me to pay tha State Of Texas a visit, where I would spend the next 5 years of my life, [perfect in my flow],and taking in all tha mistakes that I made. upon my release I was armed withover 5 yrs of songs about my life and the things I've been through, or seen and this album "Heartz of Hustlaz " is my report of what I've seen in my years of life on earth. I'm a rapper from a family of 7 with only a mother to fend for me so my music is on an outlet for whatever I go through in life and hopefully someone can identify. Ace Tre
