Six songs on the first CD Teach Me Music was pre recorded onto the Fisher Price FP3 Player for the holidays in 2006! Hello, my name is Bren and I write educational children's music. This second CD is a treasury of different genres of music from Big Band (Let's Pretend) Island Sound (Days of the Week) Latin Sound (Dancing Hands), AND the 5 Minute Shuffle for exercise. Let's use this song for healthy kids, adults and to end childhood obesity! The Cd will delight children as well as adults. All of these songs were created by information from parents, teachers and children about what they liked, what was needed in the classroom and how I could help through music. Kids learn through music and I will be the first to tell you that no matter what age, children move to music even the one year olds!
