Music made for the people, by the people; hip-hop from the heart, soul, and streets full of lyrical wit, prowess, and dominance over bangin' beats that will have any and every listener thirstin' for a taste of that good time "moonshine". 15 MP3 Songs HIP HOP/RAP: Hip Hop, HIP HOP/RAP: East Coast Details: Consisting of ALPHA and BETA, this Brooklyn, New York born and bred duo is exactly what the hip-hop world has been yearning for. FLUX is the well educated no nonsense lyrical powerhouse that other groups wish that they could one day come close to being. As a group, they do the one thing that sets them apart from the rest of the pack. That one very essential thing is that FLUX just knows how to be themselves (on the Mic as well as in everyday life). The two emcee's aren't concerned with being the "roughest, toughest, most drug dealin', most gun bustin', most platinum wearin', fake pimpin', overly flossy playaz/ gangstaz" the game has ever seen. Instead, they let their music speak for itself and bring forth-true lyrical skills on each, every, and any track. ALPHA FLUX is lyrically lethal in every fashion. He brings with him a non-stop barrage of flurries accompanied by a change of pace flow that's filled with an endless amount of wordplay. His habit of spitting nothing less than pure venom in his verses gives this group an added edge that many others are lacking. He is by no means just a battle rapper. His ability to switch gears and speak on any topic is unparalleled. In other words, ALPHA is the catalyst. He is the adrenaline, he is the intensity, and most importantly he is the fire melting the ice grills of all you haters. BETA FLUX is the essence of lyrical execution. Every rhyme from the husky voiced southpaw hits the mark with what seems to be minimal effort. He dissects any topic from top to bottom with the preciseness of a surgeon and by the time he's done he will have you in awe by the way he "paints pictures with words". Without a doubt, he is a very methodical, verbal tactician. BETA also brings a bit of calm to this two-man team. If ALPHA's the fire, then BETA's the ice. He is the quiet storm that arrives without warning

and leaves nothing but shattered egos and hurt feelings to remember him by. The bottom line is this:

FLUX is..... Lyrical perfection! ALPHA-BETA, NO OMEGA!!!
