A thrilling selection of favorite piano pieces as presented in the 2007 concert season of pianist Gabriel Ruiz-Bernal. An exciting recording filled with drive and passion from the master of phrasing and tone projection. 7 MP3 Songs CLASSICAL: Piano solo, CLASSICAL: Keyboard Music Show all album songs: Piano Favorites Songs Details: This CD captures the feeling of a concert program I presented in 2007. The location for this recording is the rich and spacious Kunen Theater at the Levine School of Music in Washington, D.C., where I serve as a member of the piano faculty. Kunen is a wonderful recital hall that loves the sound of the Steinway, creating an airy, luscious tone which I found very exciting when playing these pieces for this recording. These selections capture the energy of the concert program I presented during 2007. Prelude Nr. 1 and 1st movement of the Italian Concerto by Bach, Beethovens 1st movement of the Moonlight Sonata, Chopins Etudes Op. 25 Nr. 1 Aeolian Harp, Op. 10 Nr. 12 Revolutionary, Rachmaninoffs Prelude Op. 23 Nr. 4 in D Major. To close the recording , the solo piano version of Gershwins Rhapsody in Blue frames a program that raised the public on standing ovation at every concert.
