Honky tonk, alt-country western, modernized here and there, with a little bit of a wink. 8 MP3 Songs

COUNTRY: Alt-Country, COUNTRY: Bakersfield Sound Details: Kirven Blount credits a mother from Texas and a father from Georgia for instilling his abiding love of Country Western. When he was just a kid, his Dad wrote a book that motivated various Country labels to send LPs by the boatload, so Kirvens childhood was piled high with classic country, outlaw country, and bad country. His mother kept Emmylou Harris on heavy rotation, and it never got old. He spent a few years in Austin, TX, where the fascination really took hold. Despite all that, he didnt come around to the idea of playing heartbreak music himself until he was basically in adult diapers. Now hes trying to make up for lost time. He co-fronts a Los Angeles bar band, The Davises, with whom he intends to produce another album any day now. With the indispensable help of esteemed New York artists Justin Hagan and Lance Doss he made the album Bottle, which you can listen to here. People who are interested in Chris Isaak Johnny Cash Stephin Merritt should consider this download.
