Show all album songs: Fresh Mindstates Songs Details: Fresh Mindstates runs through a hybrid of parts from funky glitch breaks to melodic downtempo. It is aimed at those who enjoy progressive types of sound shifts through a variety of audio realm passages. The first three tracks dwell in the realms of upbeat electronic funk orientations, and the last two titled Liquid Soul Pt I and II outro into the end of the album through more downtempo dreamy groove passages. Line Noise is a 31 year old producer from South Florida who has been producing a range of electronic music tracks since the turn of the new millenium. One of his endless quests is to always listen to new types of music from the every outskirts of the world, and to involve with as many sound experimentations as possible for the expression and progression of music. He regards Sounds to be one of the greatest gifts to mankind, and a huge reflector of the composer's existence as to what his or her inner visions often signify. Music is a time-marker, a feeling-capturer, and a trigger that often allows memories to seep into one's physical mind originating from a type of ancestral soul bank.
