Ukrainian soul music, Canadian Prairie style. 12 MP3 Songs WORLD: Eastern European, WORLD: World Fusion Details: PARIS TO KIEV can be described as Ukrainian soul music, Canadian Prairie style. Led by singer Alexis Kochan, the Paris To Kiev ensemble features Ukrainian jazz musician Sasha Boychouk, Carpathian Mountain violinist Petro Iurashchuk and Canadian accordionist Nestor Budyk. REVIEWS: "Steeped in Ukrainian traditional music but with one foot firmly in the present... ethereal quality of Alexis Kochan's voice and the tasteful incorporation of diverse musical styles..." David McGunigal Interchange April 1994 "For something completely different, there's a new collection of beautiful Ukrainian songs... by Winnipeg quartet Paris to Kiev. Combining a variety of wind and reed instruments (including some lovely pan flute) this classy recording features the fine voice of Alexis Kochan and should sell briskly amongst the country's sizeable Ukrainian community. Heck, it could even cross a few musical borders- I'm a rocker at heart, but I found the cleanly produced material soothing and quite enchanting." James O'Connor Uptown March 10, 1994
