

Mp3 The Guide Dog Glee Club - We Woof You A Merry Christmas

[DOWNLOAD HERE](#)

Sixteen beloved Christmas Carols performed by dogs, no help from humans or other musical instruments.

16 MP3 Songs in this album (44:53) ! Related styles: EASY LISTENING: Nostalgia, KIDS/FAMILY: Kid

Friendly Details: "We Woof You A Merry Christmas" is a 45-minute Christmas album, performed by The

Guide Dog Glee Club. Veronica Elsea has created these unbelievable renditions of sixteen beloved

Christmas songs by recording her and her twin sister's guide dogs at play, then rearranging their words

and phrases. Over the past fifteen years, Veronica accumulated 513 useful sounds which she arranged

and combined to create this recording. No other instruments, humans or animals appear on this CD!

Every sound you hear is a direct quote from a dog! Yes, the bass, the chords, the melody, the beautiful

four-part harmony---dogs! Dogs! Only dogs!! You hear everything just as the dogs presented it, no pitch

alterations or other processing---just raw dog. But it's in tune; it's beautiful, moving and really fun!

Response to this CD has been tremendous. Human comments have included, "I've never laughed so

hard in my life!" "Oh, I can just picture the choir standing there singing this!" "I've never heard anything

like this; I can't believe these are just dogs!" "It sounds like the dogs are actually saying words!" "Wow,

what nice harmony!" "I never thought singing dogs would move me to tears!" and more! Dogs have stared

at speakers, barked along, and pestered their humans to remind Santa of all the good things they've done

this year. This is real Christmas! Veronica Elsea is a classically trained composer, with a Master's degree

from the University of Iowa. She currently owns Laurel Creek Music Designs, a small music production

company in Santa Cruz, California. She has produced three albums as well as numerous custom projects

for individuals and businesses.
