

Quiet Commuter Train Atmos Background Sfx Sound Effect

[DOWNLOAD HERE](#)

This sound effect is a stereo recording made on a quiet electric commuter train, with details such as the doors opening and closing, someone coughing, the rustle of newspapers, air brakes and some quiet chatting. All files on sale by Sevenleaf SFX have been recorded by professionals and are available for you to download as 16 bit 48kHz stereo wav files. Previews are low quality mp3 files with security watermark beeps. Purchased files are broadcast quality wavs without watermarking.
