After living for years and years trying to find something that I thought I wanted, I came to a crossroad. Drugs and alcohol had their hooks in me, and I faced a choice. It was either live or die... I chose to die. At my point of decision - with only one way in and no way out - there He was. The miracle of His ability to reach me at a moment when I was so certain of my fate is still a mystery to me. But here I am, alive and praising my Lord for His mercy. Now I am very certain of one thing... Jesus is alive. He is alive and living in me. The music found in this record is the result of present joy and past hurts. God has given all of us music that is truly our own. I am just glad that I can share mine with you.
