

Mp3 Digisphere (michael Tushaus) - Symphonique

[DOWNLOAD HERE](#)

DIGISPHERE is a fresh, energetic approach to the virtual symphonic movement, painting a vast array of colors both bright and adventurous, and dark and epic--lending itself to the sounds of underscoring soundtracks. It is music worth checking out. 15 MP3 Songs CLASSICAL: Film Music, CLASSICAL: Virtual Orchestra Show all album songs: Symphonique Songs Details: From the composer, Michael Tushaus, DIGISPHERE is a virtual symphonic journey transcending through an array of musical styles and worldly variety. It portrays a soundtrack that is dark and mysterious, adventurous and exciting. It paints dynamic drama that resonates epic electronic Romanticism. Harmonically and rhythmically satisfying, its inner melody pulses with haunting tones and heroic vitality. DIGISPHERE first made its name on the late mp3and has been heard throughout the world in dozens of countries thanks to the online world of music hosting and licensing. It also has been found in scores for radio shows, theatrical productions, and independent film. Currently, DIGISPHEREs music is available for license to the world of commercials, television, games, web sites, film and more. DIGISPHEREs mission is to contribute to the world of entertainment and enlighten its listeners with music that is compelling, enriching, and inspiring. It welcomes collaboration with any artist whose project displays integrity and professionalism, and meshes well with the style and spirit of its music.
