Classic sounds of 70s roots dub reggae along with terrifying new "Electro-Dub" stylings. 15 MP3 Songs
WORLD: Reggae, ELECTRONIC: Dance Details: Dubmatix brings you a dirty mashup that features roots,
dub electro-dub - a hybrid of roots reggae tradition and electro nastiness. Disciple of Dub. Follower of the
path of righteous reggae enlightenment. This universe existed in the shape of darkness, unperceived,
destitute of distinctive marks, unattainable by reasoning, unknowable, wholly immersed, as it were, in
deep sleep. Then Dub emerged, indiscernible but making all this, the great elements and the rest,
discernible, appeared with irresistible power, dispelling the darkness. QUOTES "I man say BIG UP !!! it's
a wicked album." DJ Gusma-T, TPN Italy "...sounds WICKED" Rasta Stevie KDUR 91.9 " Blade and
Chalice - The one people them love...dREAD" witching-hour Nice, thick and heavy, the way dubs ought to
be! Anthony Postman KUNR 88 FM "Brilliant! I have never heard something this diverse good before!"
