Energy driven r&b/pop with styles ranging from house to progressive 9 MP3 Songs POP: with Electronic Production, ELECTRONIC: Dance Details: Originating as a live band in the nightclub circuit, Final Approach in recent times has focused on the recording aspects of it's music this past year, while still doing occasional performances. Now expanding to three vocalists with the addition of Kathryn Chavez and Debra James from it's Las Vegas incarnation, Final Approach recently released it's new CD, "Second Opinion". Founding member Walt Koziar handles the keyboards, bass and songwriting while Harry Atkinson does the guitar work. Meeta Gajjar rounds out the vocals with a remixed "Love Crazy" and guest appearances by Mike Pena(drums), Vince Hyden(piano) and Ooausha(vocals) complete the lineup. With more genres than "Final Approach", the self titled debut CD, "Second Opinion" explores many moods and feels. From Groove, an R&B piece featuring Debra, to Love Crazy, a dance oriented pop piece featuring Meeta, to You and Me, a ballad featuring Kathryn, this release still has the dance cuts such as Chaos and Streetlegal which have gotten regular rotation in nightclubs by area DJs. The Beginning allows the band to venture into some progressive culminating in the haunting vocals by Ooausha. Plans for the next CD are already in the works.
