Details: GRAYHOUND presents: GARTH 'UNLEASH THE HOUND' In the three years since his last CD 'Revolutions in Sound' Grayhound's catalogue has swelled to over 50 singles. 'Unleash the Hound' features exclusive Grayhound material, selected mixed with love by label founder director Garth. For optimum fidelity he used all vinyl and a Urei mixer. No edits. Now available for the first time on CD, the music mostly from west coast artists, has only seen the light of day on extremely limited runs of vinyl for taste maker DJs. Garth's rep as a Wicked DJ has kept him in demand for 15 years. His breakout anthem 'Disco Glory' exposed him to a worldwide audience. In the ten years since he has produced 40 records as Rocket Wicked including remixes for The Glimmers, Perry Farrell, Yabby You Tribe Called Quest. When not running the label from his hometown he's a regular guest at London's Fabric, Yellow in Tokyo Sullivan Room in NYC. Aside from his Grayhound CDs he has mixed albums for NRK (Nitelife 7), Om (San Francisco Sessions 3) and Thrive (U.S. Underground). Grayhound is his baby.
