Mellow Piano-pop-rock with a jazz influence 10 MP3 Songs POP: Piano, ROCK: Emo Details: Formed in the Fall of 2004, Somewhere Far became one of Boise's only "Piano-Rock" bands. Consisting of only piano(Josh Olswanger), Bass(Terry Smith), and drums(Adam Brimhall), This trio puts out a lot of sound. Tastefully comparable to Joe Jackson, Ben Folds, Five For Fighting and Billy Joel), These guys deliver an upbeat performance with neer a dull moment. Songs range from slow ballads, to upbeat and angry piano-hitters. As this trio heads into their second year, they have plans to crawl back in the cave, "studio", and record their new EP. Look for Somewhere Far to back their new release with a small Northwest tour in late 2006. For all info concerning the band,----- somewherefarmusic.com
