This right here is hardcore gangster rap - it ain't for the weak! We sound like Dr. Dre, NWA, Twista, and other groups with that thuged out vibe. 13 MP3 Songs HIP HOP/RAP: Hardcore Rap, HIP HOP/RAP: West Coast Rap Details: Between the years of 1996 and 1998 we had the best time making music thus far. We were doing shows, meeting people (a lot of ladies), and just making tight music. This just released CD is a reflection of the fun we had that year and how tight the music was that we were making even back then. Though we all have gone on the do seperate projects, we still won't forget this piece right here. Enjoy....
