Khalil.Anthony has performed all over the world in varying capacities, from dance, performance-art, spoken word and music. Urbanfolksunshine was birthed from the musical relationship between Khalil.Anthony and Romeo Ponsaran. As time progressed, the sound needed more musical understanding and frequency. Khalil.Anthony and Paris King, of the Paris King Band, began discussing the possibility of working together on a cd project. One year later, the Urbanfolksunshine cd and a band was reformed. Khalil.Anthony was asked to become part of the Paris King Band, which just released its first cd: MUSIC TO GROOVE TO. From this place, the band has two new cd's and a major dedication to making beautiful music for the world to groove to... urbanfolk basking in the musical sunshine.
