After finding common interests in music and art, the two decided to casually play music which turned into writing songs. Late 2006, New Artica decided to transition from a recording project into what is now a six person band made up of individuals drawing from many different influences. Female vocalist, Chelsea Dowell, complemented the vocals of the baritone male vocalist, Denlin. Matt Upton was added as lead guitarist while Cameron Dailey was recruited to play drums. The last piece was Tyler Zibaie, bringing keys, guitars, and electronic beats. In their first performance together, New Artica competed in a battle of the bands held at the Raleigh Music Hall and won first place. New Artica self-released their first EP made available to all with their eclectic mix of electronic, alternative, and indie pop. Since the release of the EP, the band replaced their female vocalist with Maigan Kennedy, bringing not only an impressive range of vocals, but also cello to the mix of sounds. New Artica was featured in Social Magazine as the Band Spotlight in December 2007. People who are interested in The Flaming Lips The Postal Service Hello Goodbye should consider this download.
