Incredible comedy impressionist. Richard does everyone from Bill Cosby to DMX. Not the typical comedy CD. You wont believe your ears. He is changing the "Look and Sound" of comedy 10 MP3 Songs  
SPOKEN WORD: Sketch Comedy, SPOKEN WORD: Comedy Show all album songs: A First Impression  
Songs Details: The Wait Is Over Its been 20 years in the making, but its finally here, my first CD titled A First Impression. A record is something I have always wanted to do since I first heard The First Family Rides Again starring Rich Little. I was amazed at his Ronald Regan and George Burns impressions and actually dedicated the first track to that 1981 album. With a release date of November 5th, 2007 it contains some of my best impressions and sketches. Youll hear, DMX, George Burns, Jim Rome, Marge and Homer Simpson, Eddie Murphy, Bernie Mac and Bill Cosby to name a few. Come to one of my shows and I will be sure to autograph it for you. I put my heart and soul into this album guys and I truly hope you enjoy it. For more information check out my updated website. RichardDarylOsbornor FirstImpression67.com. Be on the lookout for my second CD titled "A 2nd Chance at a First Impression"
