Sound proof is rootsy folk-fueled organic blues music. 19 MP3 Songs BLUES: Acoustic Blues, FOLK: Political Details: Sound proof is a collection of songs and music built around the styles of the musicians and artists who perform them. therefore the music is fluid and free of monotony or any structured formate (other then the rhythm of the moment). it is composition in motion. the trio sound proof (which also can transform into a full band or solo act) has traveled the east coast playing this fusion of rootsy folk fueled blues taking such names as enterlandscapes, soul beyond, latino chrome, the goones, jane doe, and dove.(a cluster of people who love to play music to lose the mind). The Chicago Bus is a compilation of Hanley's personal experiences which identifies the edgy quality of it's message and sound.Make no mistake though Hanley is very capable of putting out a massaged product that might catch a niche audience he chooses rather to throw his passion into the diversity of the sound. One critic has described his work as such. "This is the music that Jimmy Page of Led Zeppelin is supposed to still be making. This is gritty, sweaty, sincere, honest, messy folk/rock. Think early GOOD Led Zeppelin." This CD has been simmered for a flavor the listener would be hard pressed to hear by anyone else. With his own musical talent Hanley has recognized what it takes and surrounds himself with various other talented artists.Treat yourself to Hanley's musical journey with The Chicago Bus. It promises to deliver.
